Note on the 2017 Ride

The only other occasion (in addition to 2017 - Rowan Cope), on which the winner of the Heavyweight Class also won the overall Ride, when the ride commenced with a level start for all competitors, was in 1988 when the late Sir Michael Connell won both.

Previous to that, when there was a staggered start with the Heavyweights setting off first with a head start, the feat was accomplished on seven occasions including by the late Sit Stephen Hastings three times (in 1980, 1983 and 1984), on his great horse Charlie. In memory of his horse Sir Stephen presented the current winner's cup – The Charlie Cup.
